I am writing to object to the APS utility's plan to change their Smart meter opt-out program.

First, I have opted out of having a smart meter for medical reasons - to avoid harm- and therefore see a monthly fee for doing so as extortion. Please, do not allow APS to charge a fee for opting out.

Second, I object to having digital meters installed because they would harm many customers and are not necessary to provide service. I can not have a digital meter installed on my home for medical reasons. Please, do not allow APS to require customers to switch to digital meters. I am not aware of any problems with the current analog meters.

Thank you for your time and consideration.

Respectfully,

*Carol Johns*
